WELCOME MESSAGE

A new challenge begins...

Our friends, the table tennis family in Asia, ATTU and The Table Tennis Association of Thailand, are pleased and privileged to host the Asian Cup 2022. As we write these words, the competition countdown to the launch has begun and will continue until the middle of November 2022.

The Asian Cup is one of the biggest table tennis tournaments in Asia, which will enhance Thailand's organizational abilities. The Asian Table Tennis Union has entrusted the Table Tennis Association of Thailand with the privilege of hosting the Asian Cup in 2022.

This is a new challenge for TTAT, especially as the new Corona virus continues to spread. Consequently, the protocol for protecting the health of each participant is one of the most important aspects, and we will work hard to ensure that each participant remains healthy and safe throughout the event. Regardless of how challenging and difficult the challenges may be, we are prepared.

Welcome to the capital of Thailand...
Welcome to Bangkok...

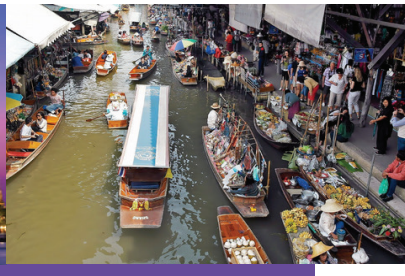
Bangkok is an exciting and vibrant city of over 12 million people. The greater metropolitan area of Bangkok extends for more than 32 kilometres in all directions. Situated in the central plains of Thailand, on the Chao Phraya River near the Gulf of Thailand, Bangkok is Thailand`s administrative, economic, and cultural centre, as well as a major commercial and transportation hub for South-east Asia.

A rich history, fabulous shopping, colourful night life, sumptuous food and plenty of fun. Although Bangkok, one of the largest cities in the world is crowded, you can easily find the traditional and spiritual side at one of the many ancient temples.



Buzzing, humid and exotic, Bangkok is the larger-than-life city where magnificent temples, historic markets, skyscrapers and rooftop bars create an intoxicating vibe that's hard to resist. A blend of the traditional and the modern, Bangkok's every street has a surprise in store.
